Charles County Commission for Women Salutes

Lorice Parker

**Leadership, Mentorship, Advocacy,
Compassion**

- Ms. Parker is a Social Work therapist at Elevated Journey Counseling services.
- She volunteers her time speaking to women in her community about self-worth. She has provided various no cost information sessions to women who struggle with the impact of divorce and loss of self in relationships.
- She often shares her story about overcoming individual challenges and her success with being a public speaker and a social worker who encourages others to advocate for change.
- She is always striving for knowledge not for herself but so that she can share with others. She is a biological mother of two but will tell you that she has four additional children given to her by love.
- She expressed her "mother is her biggest inspiration."

"Success is born in the quiet moments when no one is watching- when you choose perseverance over doubt, purpose over fear, and faith over failure."
